

Make Every Meal A Perfect Feast

Tanlac Makes Each Bite a New Delight

When your digestive system is working efficiently and smoothly, extracting from your food abundant stores of vital energy and giving up a reserve force of vigor to meet any emergency, every bite is eaten with keen zest and appreciation. If your meals are not a real event, if you do not approach the table

with the most lively anticipation of its delights, then you are only half getting the value of your food. Lack of appetite, or distress from indulging the appetite, are both due to the same cause—failure of the digestive system to properly do its important work. The undigested food remaining in the alimentary canal may merely cause a distaste for more food when it cannot take care of what it has, or it may undergo chemical and putrefaction changes that cause acute disease.

Besides, these chemical changes produce poisonous substances that are carried to every cell and organ of the body and that cause all sorts of distressing symptoms. Tanlac, the famous digestive tonic and body builder, has achieved its wide success because it is able to invigorate the entire digestive tract.

It acts to cause vigorous stomach preparation of the food, both through the muscular churning action of that

organ and through ample secretion of digestive fluids. It then promotes energetic action of all the bowels, muscles and glands and enables the food to pass through the digestive canal in the normal time. Each of the thousands of little glands whose duty it is to pick up nourishment from the food and send this to all parts of the body are stimulated to their utmost. The whole result is that food is taken care of without distress of any sort in such manner as to derive the utmost benefit from it.

If your appetite is not keen, if your food seems to disagree with you, if you are underweight, nervous, irritable and lack energy, give Tanlac the chance to show you that it can work a miracle

in your condition as it has in so many thousands of other cases.

If you are despondent, gloomy, with little taste for and enjoyment of life, try Tanlac and no doubt you will see the clouds of gloom roll away under the sunshine of health.

You are entitled to be healthy, vigorous, efficient and happy. Give yourself the chance to become so as thousands of others have, by taking Tanlac.

Get Tanlac from your druggist this very day. Why wait for tomorrow when Tanlac—and health—await you today?

Ekumun Slaughter Muck Ox.

The Ekumun hunts the muck ox with dogs from which they do not flee. (in sighting a small band he lets one or two dogs loose when the older animals immediately face outward in defensive formation with calves in the center, and prepare to give fight. As soon as the herd is thus "anchored" the Ekumun lets all his dogs loose and then proceeds to kill the muck ox with gun or bow and arrow. The muck ox are very fierce, and if a wounded bull charges the Ekumun, the dogs in turn immediately attack him, which gives the hunter a chance to shoot a second time. In this way the Ekumun is able to dispatch the whole herd.

Zero Count.

MISSOURI State News

Bedalia.—Caught on a trestle by a Missouri, Kansas and Texas passenger train, Miss Mary Hasty, aged 17, met instant death three-fourths of a mile south of Windsor, Mo. The girl and a companion, Ellen Edmundson, also of Windsor, were waiting in a southerly direction. The wind made the whistle of the engine seem far away. When they reached the trestle they looked back and saw the train speeding toward them. In attempting to step aside the young woman caught her foot in the rail and her companion, falling to loosen it at once, advised her to lie flat and let the train pass over her. Edmundson lay on the ties outside the rail and said that he saw the engine and one car pass over her, but as the next car passed she raised her head slightly and the beam on the coach struck her. Immediately following the accident the train, in charge of Conductor John Wrightman, was stopped and the girl's body taken to Windsor.

Branson.—A contract has been let to a Springfield firm for the erection of a large speed-wagon omnibus, which will be placed in regular passenger service between Springfield, Branson and Hollister by March 20. When this bus is completed, work will be started on another, and it will be put in operation between the same cities about April 20.

Otterville.—John H. Nolen, of Jefferson City, former state reclamation agent, has been here to discuss the feasibility of constructing two short canals to eliminate ten miles of the crooked Lamine River, near here. The construction of the canals would reclaim many acres now in the river bottoms, and would guard many hundreds of acres from overflow.

Oseola.—The Sac River Sand and Gravel Company of Kansas City has begun the construction of a \$30,000 gravel plant near here and the plant will be in operation by March 15. A. C. Duvall, of Kansas City, president of the company, has announced. The plant will operate on a 10-hour shift and will have a capacity of 400 tons of gravel a day.

Kirkville.—The debating team from the Kirkville High School will close its season at Huntsville on the question, "Resolved, That the principle of open shop should prevail in American industry." The team has been winning regularly and hopes to annex the Huntsville contest for the championship of Northern Missouri.

Maryville.—The Campbell Construction Company of Creston, Ia., which has the contract for erecting the new \$200,000 girls' dormitory at the State Teachers' College, has assembled material on the ground and will begin excavations for the foundation at once. The building is to be completed by October 1.

Clinton.—The Henry county court has just received bids on two road projects in this county, each of them to the Missouri Highway Commission at Jefferson City for action. The Maxwell Construction Company of Pittsburg, Kan., offered to do the work in Shawnee Township for \$17,128.02.

Blair.—George S. Aufderheide, 40 years old, a lumber dealer of this city, dropped dead of heart disease in his office. Otis Thompson, an employee, who was in an adjoining room, heard a crash and upon investigation found the body on the floor. A physician said that death had been instantaneous.

St. Charles.—Because of a technical error in the legal publication, calling for an election to vote on a \$125,000 bond issue for the erection of a new electric light plant and improvements on the water plant, the election has been called off and the City Council will call another one soon.

Orrick.—Victor Remley, a civil engineer, has been recommended for the postmasterhip in this city. He will succeed Mrs. Cora Perdue, whose term expired January 24, 1921. An examination to fill the place was held last December and nine took the examination.

Rich Hill.—An American Legion Convention for the Sixth Congressional District will be held in this city May 2, to which delegates will be sent from Warrensburg, Clinton, Harrisonville, Butler and other cities in this section of the state.

Moberly.—Mr. and Mrs. W. W. Hopson, of this city, have just celebrated their 60th wedding anniversary. They are one of the oldest married couples in this section of the country.

Lebanon.—The First Baptist Church of Lebanon, valued at \$10,000, was destroyed by fire. A house owned by L. C. Coffman was also destroyed.

Cameron.—The city of Cameron will receive bids in this city until March 22 for the construction of a concrete pavement on Walnut street.

Bedalia.—The \$100,000 suit for alleged alienation of his wife's affections, filed in the Pettie county circuit court last month by J. Garrett Jolly against his father-in-law, J. L. Butterworth, his mother-in-law, Lottie Snyder, and the latter's husband, F. L. Snyder, was dismissed at the request of the plaintiff.

Carrollton.—A mortgage of \$20,000, 600 and running for a period of 200 years is being filed for record by the Burlington Railroad in all the Missouri counties through which the Burlington line runs.

Jefferson City.—Governor Hyde has issued a regulation on the Governor of Wyoming for the return to Geary County of C. D. Jeannette, who is charged with having forged a check on the Geary County Bank, January 10, 1921, for \$100,000 in value given to the bank by the bank.

Bedalia.—Members of the First Presbyterian Church here voted to erect a new church building, valued at \$10,000, on the corner of Main and Third streets.

Potosi.—What is agreed to by one of the largest reclamation and power projects attempted in this section of Missouri and Northeast Arkansas has been outlined by 200 landowners, who met in this city to go over the project. It is definitely agreed to construct a flood reservoir at an estimated cost of \$1,000,000 and a dam 100 feet high. The reservoir is designed to protect much valuable land between Leeper, Mo., and Newport, Ark. A tract of 8,000 acres has been condemned as the site for the proposed reservoir.

Jefferson City.—Governor Hyde stated that he had not received the resignation of Philip H. Brockman, member of the St. Louis Board of Police Commissioners and purchasing agent for the department. "I told Mr. Brockman over the telephone, when he informed me that he desired to resign from the board, that I would not accept his resignation," said the Governor. "I have not changed my mind in the least. If his resignation comes in the mail I will not accept it."

St. Louis.—Three armed men broke into a card party of six women and three men in the home of Mrs. Elizabeth Campbell, University City, St. Louis County, and escaped with money and jewelry totaling at \$2,000, and a mink doberman valued at \$1,200. Despite a search of the women's stockings and into the bosoms of their gowns, they overlooked money and diamonds valued at \$2,000 that had been secreted by three of them.

De Soto.—R. I. Fitzgerald, of Fish, Mo., has been selected cashier of the Farmers' and Citizens' State Bank, to succeed D. A. Mallon, resigned. Fitzgerald has been cashier of the State Bank for eight years. He assumed charge recently. Dr. R. E. Donnell is president of the bank and Lucas Duffner is vice-president.

Columbia.—The Columbia Co-operative Warehouse Association has been formed here, with a capital stock of \$15,000, subscriptions for which are being obtained at schoolhouse meetings throughout Boone County. The company expects to conduct an agricultural and mercantile business on a co-operative basis.

Galeton.—The War Eagle Oil and Gas Company, at Berryville, Ark., to the south of this city, which is drilling for oil and gas, has encountered several showings of gas and oil, the gas flow particularly showing up strong. The well is now down about 700 feet.

West Plains.—Masons of this city who have been working on plans for a new temple for the past three years have definitely decided to begin work as soon as spring opens up. Approximately \$50,000 will be spent on the project.

St. Paul.—Joseph Fries, a retired farmer and one of the oldest citizens of St. Charles County, died at his home one mile west of here, aged 95. He is survived by six sons, one daughter and a brother in Hanover, Germany.

Green City.—The Farmers' Co-operative Shipping Association, in its annual report, shows a total business of \$292,000. The value of cream, eggs and poultry handled by the association aggregated \$124,745.

Bedalia.—Louis Young, of Springfield, Mo., and Charles Clark, aged 21, of Cheyenne, Wyo., were arrested by United States Deputy Marshal Ritchey, charged with raising a \$1 bill to \$10 in Cheyenne a year ago.

Montgomery City.—At the annual Montgomery County Farm Bureau meeting the following officers were elected: President, Bishop; vice-president, W. O. Clark; secretary and treasurer, Bernice Luckie.

Versailles.—The Versailles School District has voted \$8,000 in bonds for a new school building, to take the place of the one destroyed by fire some time ago. The district also has \$12,000 in insurance money.

Jefferson City.—Governor Hyde has appointed Mrs. Hattie Hall Violette, of Kirkville, as a member of the Women's Minimum Wage Commission, vice Mrs. H. M. Robertson, of St. Joseph, resigned.

Cape Girardeau.—The date for the spring concert of the St. Louis Symphony Orchestra at the Southeast Missouri State College in Cape Girardeau has been set for Sunday, April 9.

Cape Girardeau.—William Whitten, a merchant of Portageville, has filed a petition in bankruptcy with Referee H. E. Alexander of the United States district court here.

Carthage.—J. D. Harris, chairman of the Republican City Committee, has announced that the Republican convention to nominate city officers will be held March 16.

Bethany.—The Chamber of Commerce of this city has started a drive to secure 200 members. Captains have been appointed to take charge of the work.

Armstrong.—The Methodist Church, of which Rev. C. L. Davis is pastor, has purchased a large radio service, to be installed in the church.

Bedalia.—The Hopper Mercantile Store at Bunceon, Mo., was burglarized and several hundred dollars' worth of goods carried away.

Pulaski.—Activities among the cattle feeders are beginning to manifest themselves in North Central Missouri and more are on feed at the present time than in several years. Stockmen believe that profits will be realized during the next year in the feeding of cattle because of the generally improved business conditions.

Clinton.—As the result of a visit of D. M. Oberman, president of the Oberman Manufacturing Company, to his plant in this city, the working force has been increased and plans have been made to enlarge the plant.

Amosman.—Mr. and Mrs. F. E. Pugh have begun the publication of the Amosman Recorder, a weekly publication. They were in one time editors of the Daily Amosman-Recorder and at one time also were connected with the Recorder in this city, which was succeeded by the Recorder.

Bedalia.—Members of the First Presbyterian Church here voted to erect a new church building, valued at \$10,000, on the corner of Main and Third streets.

Prohibition.—The fascinating interest of the ancient ruins in Bedalia, South Africa, drew the attention of the archaeologists of the British Association during its recent meetings at Cape Town. Among these ruins the most conspicuous is the great Zambesi temple, which has about 200 miles inland from the Indian ocean. The oldest of the ruined buildings are believed to date back at least to the days of King Solomon. It is thought that they were constructed by Semitic colonies, whose chief object was gold mining, and who have left indications of their worship of Baal and Asherah, as described in the Bible. Reports believe that previous estimates to the value of \$5,000,000 or \$6,000,000 must have been extracted from the gold reefs of Bedalia in ancient times.

They'd Know About It.—One day young sunny was left in charge of the small apartment and the two children.

"I'm going into the kitchen to prepare baby's milk, Bobby," she said importantly; "you be sure to call me when he wakes up."

"Oh, you'll hear him for yourself," sang Bobby; "that kid turns himself on the minute he wakes up—he's his own alarm clock!"
